

Santa Cruz County Breeding Bird Atlas II

How to Get the Atlas Map on your Mobile Device

By Simon Thornhill

To load the Atlas Map into your Google Maps account:

1. Run Safari, Chrome, or your browser of preference.
2. Open Google Maps
 - If you are signed in to your Google account, your badge will appear in the upper right of the map.
 - If not, click "Sign in", and enter your credentials.
3. Open the Google Maps Menu and select "Your places"
4. Select the MAPS tab
5. Click CREATE MAP (at bottom of panel) - It opens a new tab
6. Click "Untitled map", edit the Map title to "Santa Cruz BBA", and Save.
7. Select Import
8. Drag and drop the "Atlas Map 1.0.kmz" file on the window or select it from your computer.

To view the Atlas Map on your mobile device:

1. Run Google Maps
2. Open the Google Maps Menu.
 - If you are signed in to your Google account, your badge will appear in the upper left of the menu panel.
 - If not, click "Sign in", and enter your credentials.
3. Select "Your places"
4. Select the MAPS tab on the far right
5. Select "Santa Cruz BBA"

To see a block number on the map, tap in the block and the number will appear at the bottom of the screen.
