Dear Ms. Klaus,

April 5, 2018

The Santa Cruz Bird Club(SCBC) is aware of the release of the Draft Environmental Impact Report(DEIR) for the Student Housing West Project. The DEIR document is 600 pages of detailed analysis of the environmental impacts of the project including impacts to the East Meadow lands.

We are planning to give our members the opportunity to carefully examine the extensive list of supporting documents and submit their comments, for which the current 45 days are insufficient.

On behalf of our 500 SCBC members, we request an extension of time from the present 45 days to 60 days.

Your reply is greatly appreciated.

Sincerely,
Lisa Sheridan
President -Santa Cruz Bird Club
